

**Introducing the “Colantotte RESNO Magcare Shirts V-neck T” Medical Device,
an Undershirt from the Colantotte RESNO Series that Soothes Your Body Just By Being Worn
Sales Begin at the End of April 2021**

Colan Totte Co., Ltd. (Headquarters: Osaka, Japan. CEO: Katsumi Komatsu), a manufacturer and distributor of the Colantotte brand of magnetic health gear, will launch the “Colantotte RESNO Magcare Shirts V-neck T” under the Colantotte RESNO brand, which was created based on the concept of “Clear Away Today’s Fatigue for Tomorrow’s Best,” on April 28, 2021.

Colantotte RESNO Magcare Shirts V-neck T

Colantotte RESNO Magcare Shirts V-neck T

This undershirt contains magnets on the interior along the shoulder blades that are arranged in Colantotte’s unique Alternating North-South Polarity Orientation. Simply by being worn, the

magnetic force affects a large area, improving circulation in the shoulders and back and soothing stiffness. The sleeves are short while the shirt length is long, which ensures that the undershirt does not protrude from your sleeves or underpants and does not interfere with vigorous movements. It also features a deep V-neck design, which can hide an undershirt even without wearing a tie and providing a neat look.

The surface that touches the skin is made of quick-drying polyester, and the cotton outer surface absorbs and dissipates sweat, making the shirt comfortable to wear. The entire shirt is treated with nanofine processing that is gentle on the skin and inhibits the growth of bacteria, keeping it clean and comfortable to wear at all times.

Colantotte RESNO Magcare Shirts V-neck T Overview

■ Contains 100mT* (1000G) permanent ferrite magnets on the interior along the shoulder blades that are arranged in Colantotte’s unique Alternating North-South Polarity Orientation (ANSPO™) to apply magnetic force to a wide area, improving circulation, alleviating stiff muscles, and promoting recovery where worn.

*mT (Millitesla): A unit of magnetic flux density

■ The entire shirt is treated with anti-bacterial nanofine processing that inhibits the growth of bacteria.

■ The magnets have a low height and do not protrude very much, which makes the unevenness along the back less noticeable and keeps the shirt looking neat.

■ Comes in White and Black with four sizes ranging from S to XL

How Colantotte Products Work

Symbol indicating the Alternating North-South Polarity Orientation

There are reasons for why Colantotte soothes stiffness. We developed the Alternating North-South Polarity Orientation, which emits magnetic force effectively over a large area. Our products are genuine health gear certified as medical devices.

Only by wearing them can you experience the power of the magnetic force that Colantotte alone has managed to harness. Stiffness will ruin your days no longer. Soon you'll be able to greet each day with a genuine smile.

■ What Sets Colantotte Medically Certified Devices Apart...Is the Colantotte's unique Alternating North-South Polarity Orientation (ANSPO™)

“Experience the Colantotte Difference for Yourself”

The “Alternating North-South Polarity Orientation (ANSPO™)” Makes All the Difference

- Colantotte's magnets are arranged in Colantotte’s unique Alternating North-South Polarity Orientation (ANSPO™), which allows their magnetic forces to affect a large area, influencing the whole surface and not just a single point. This layout allows these magnetic forces to improve blood circulation and alleviate muscle stiffness, assisting the recovery process.
- Our authentic health devices are certified as medical devices and improve circulation around the worn area. Simply wearing them in your daily life can liberate you from the pain of stiffness.

■ Colantotte Magnetic Medical Gear

Colantotte products contain permanent magnets arranged in the Colantotte’s unique Alternating North-South Polarity Orientation (ANSPO™). This arrangement allows the magnetic force to affect a large area to improve circulation and alleviate stiffness at the applied location. It is certified in Japan as an authentic magnetic health device.

In 2005, Colantotte was launched in America under the overseas brand TRION:Z. Professional golfers Rory McIlroy and Rickie Fowler as well as many other top athletes regularly use this gear to soothe and support their bodies. Additionally, in 2012, one of the Colantotte bracelets was featured prominently as a key story item in the Hollywood movie “The Avengers” as part of a tie-up campaign, demonstrating the recognition of the brand’s quality and design not only in Japan, but by many people all over the world.

■ Colan Totte Co., Ltd.

“Begin each day with a smile.”

Since its founding in 1997, Colan Totte Co., Ltd. (formerly Arc Quest Co., Ltd.) has been a medical device manufacturer with “Bringing a True Smile to Your Face” as its corporate philosophy, and in 1999 it began selling its Colantotte brand of magnetic therapeutic devices and health gear for general use. In 2008, it obtained ISO 13485 certification and established a system for maintaining and improving the quality of its medical devices. It also obtained the CE Marking safety standard certification in Europe and medical device certification (MFDS) in South Korea, among others, and it is continuing its efforts in various major countries throughout the world.

In July 2015, it changed the company name to Colan Totte Co., Ltd., and continues striving to support a healthy lifestyle for everyone in Japan and the rest of the world.
