Colantotte NS Magneban 80×2

Apply this sheet-type medical device to areas that are bothering you to relieve stiffness. The sheet material is more water-repellent than the NS Power Patch 80, and its increased thinness allows for a more comfortable feel when applied to the skin. The magnets are arranged in our unique Alternating North-South Polarity Orientation (ANSPO™). Use the power of magnets to stimulate your circulation and alleviate stiffness at the worn areas. The magnets are covered with soft silicon to prevent direct contact

with the skin, keeping their touch light and making them comfortable to use.

The sheet design is based on a beige color that blends in easily with the skin, and it has a simple logo display. We recommend these sheets for those who work at home and suffer from stiffness, those who cannot wear magnetic necklaces or supporters due to the nature of their work, and those who wish to alleviate stiffness wherever it may be.

Getting the Most Out of the Product

Attach the product to the areas that feel stiff.

Applying two or more sheets to a single area should achieve even better results. Use them however it suits you best and enjoy the pain relief. *Individual results may vary.

Colantotte NS Magneban 80×2 Overview

■ Contains two 80mT (800G)* ferrite permanent magnets arranged in Colantotte's unique Alternating North-South Polarity Orientation (ANSPO™). This layout allows the magnetic force to affect a large area and improve blood circulation and alleviate stiffness in the worn area.

*mT (Millitesla), G (Gauss): Units of magnetic strength

■ The magnets are covered with soft silicon to prevent direct contact with the skin, keeping their touch light and making them comfortable to use.

■ The seal portion uses an adhesive that is gentle on the skin and stays firmly attached. It is highly water-repellent and reduces discomfort due to sweat and water. It is thin and comfortable to use. (Compared to conventional products)

How Colantotte Products Work

Symbol indicating the Alternating North-South Polarity Orientation

There are reasons for why Colantotte soothes stiffness. We developed the Alternating North-South Polarity Orientation, which emits magnetic force effectively over a large area. Our products are genuine health gear certified as medical devices.

Only by wearing them can you experience the power of the magnetic force that Colantotte alone has managed to harness. Stiffness will ruin your days no longer. Soon you’ll be able to greet each day with a genuine smile.

The “Alternating North-South Polarity Orientation (ANSPO™)” Makes All the Difference

- Colantotte's magnets are arranged in Colantotte’s unique Alternating North-South Polarity Orientation (ANSPO™), which allows their magnetic forces to affect a large area, influencing the whole surface and not just a single point. This layout allows these magnetic forces to improve blood circulation and alleviate muscle stiffness, assisting the recovery process.
- Our authentic health devices are certified as medical devices and improve circulation around the worn area. Simply wearing them in your daily life can liberate you from the pain of stiffness.

■ Colantotte Magnetic Medical Gear

Colantotte products contain permanent magnets arranged in the Colantotte’s unique Alternating North-South Polarity Orientation (ANSPO™). This arrangement allows the magnetic force to affect a large area to improve circulation and alleviate stiffness at the applied location. It is certified in Japan as an authentic magnetic health device.

In 2005, Colantotte was launched in America under the overseas brand TRION:Z. Professional golfers Rory McIlroy and Rickie Fowler as well as many other top athletes regularly use this gear to soothe and support their bodies. Additionally, in 2012, one of the Colantotte bracelets was featured prominently as a key story item in the Hollywood movie “The Avengers” as part of a tie-up campaign, demonstrating the recognition of the brand’s quality and design not only in Japan, but by many people all over the world.
