## Colantotte Signs Advisory Contract with Figure Skater Ilia Malinin

---

Colan Totte Co., Ltd. (Headquarters: Chuo-ku, Osaka, President: Katsumi Komatsu), the manufacturer and distributor of Colantotte magnetic health gear, has signed an advisory contract with figure skater Ilia Malinin.

Ilia Malinin (United States) became the first person in history to successfully land a quadruple Axel jump in an International Skating Union-sanctioned competition. He is capable of performing all six types of quadruple jumps, earning him the nickname as the "Quad God."

In the previous season, in addition to his jumps, he honed his choreography and artistic expression, winning both the Grand Prix Final and the World Championships. He is expected to continue breaking figure skating records and achieving further success.

With the signing of Ilia Malinin, Colan Totte now supports eight figure skaters. We will continue to contribute to the further development of the figure skating world and offer support and encouragement alongside the fans.

## **Comment from Ilia Malinin**

I am delighted to receive support from Colan Totte.

I got interested in Colantotte necklaces after seeing many Japanese skaters like Shoma Uno and Yuma Kagiyama wearing them. During an ice show, I learned that they were magnetic necklaces that served as Japanese medical devices, and wanted to try them myself. I also like the design.

I will continue to wear Colantotte necklaces as I perform, and I will work hard so that people in Japan can get to know me and support me.

## **Colantotte TAO Necklace AURA Premium Gold**

Features 55 mT magnets arranged in Colan Totte's unique Alternating North-South Polarity Orientation at 10mm intervals throughout the entire neck loop. This magnetic necklace improves blood circulation in the neck and shoulders, effectively addressing neck and shoulder stiffness.

The distinctive "CO" brand symbol on the ornament design showcases a sharp contrast created via the mirror finishing and cloisonné grinding techniques. The ornament and clasp portions are finished with 24K plating, resulting in a skin-friendly and luxurious appearance.

Medical Device Certification Number: 221AGBZX00065000

## Colantotte TAO Necklace Slim AURA mini

New colors recommended for women have been added to the AURA mini line. Available in two color variations: Champagne Gold x Black Lamé (Loop: Black) and Champagne Gold x Lavender Lamé (Loop: Warm Gray).

With a slim 3mm-diameter loop, it offers a light wearing experience while achieving the same magnetic force (55 mT) as the 4mm-diameter TAO necklace. It's the perfect magnetic necklace for women who want to be fashionable while addressing neck and shoulder stiffness.

Medical Device Certification Number: 230AGBZX00077000

## Colantotte TAO Necklace Slim ARAN mini Champagne Gold

The ornament, designed with a diamond-shaped Aran pattern motif, features a geometric design created using the "C" and "O" in Colantotte. It showcases a beautiful contrast achieved through mirror finishing and cloisonné grinding techniques.

Despite its slim 3mm-diameter loop, which provides a light wearing experience, it achieves the same magnetic force (55 mT) as the 4mm-diameter TAO necklace. The magnetic force affects a wide area, improving blood circulation in the neck and shoulders and alleviating stiffness.

Medical Device Certification Number: 230AGBZX00077000

## Colantotte Loop LUCEα

A magnetic accessory for the arm that combines the simplicity of LUCEα with natural quartz and eagle eye stones. The cylindrical stainless steel portion featuring the Colantotte logo is given a hairline finish, while the rondelle portions serve as an accent, giving a refined impression to the arm.

100 mT magnetic particles with 48-facet mirror cuts are arranged around the arm.

The magnets work three-dimensionally to improve blood circulation and alleviate stiffness in the arm.

Number of magnets:

15.5cm model: 22, 17.5cm model: 26, 18.5cm model: 28

Medical Device Certification Number: 306AGBZX00003000

## ■ “Colantotte” Permanent Magnetic Therapeutic Devices for General Use How Colantotte Products Work

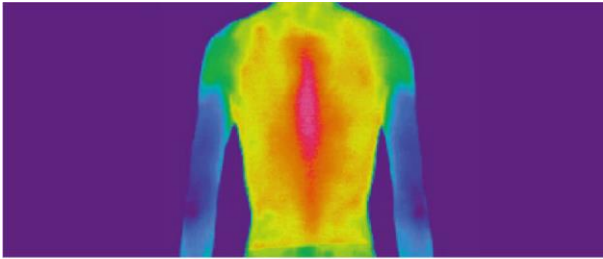

Symbol indicating the Alternating North-South Polarity Orientation

There are reasons for why Colantotte soothes stiffness. We developed the Alternating North-South Polarity Orientation, which emits magnetic force effectively over a large area. Our products are genuine health gear certified as medical devices.

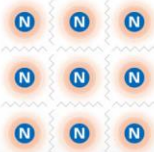

Only by wearing them can you experience the power of the magnetic force that Colantotte alone has managed to harness. Stiffness will ruin your days no longer. Soon you'll be able to greet each day with a genuine smile.

### The “Alternating North-South Polarity Orientation (ANSPO™)” Makes All the Difference

- Colantotte's magnets are arranged in Colantotte’s unique Alternating North-South Polarity Orientation (ANSPO™), which allows their magnetic forces to affect a large area, influencing the whole surface and not just a single point. This layout allows these magnetic forces to improve blood circulation and alleviate muscle stiffness, assisting the recovery process.
- Our authentic health devices are certified as medical devices and improve circulation around the worn area. Simply wearing them in your daily life can liberate you from the pain of stiffness.

#### ■ Colantotte Magnetic Medical Gear

Colantotte products contain permanent magnets arranged in the Colantotte’s unique Alternating North-South Polarity Orientation (ANSPO™). This arrangement allows the magnetic force to affect a large area to improve circulation and alleviate stiffness at the applied location. It is certified in Japan as an authentic magnetic health device.

In 2005, Colantotte was launched in America under the overseas brand TRION:Z. Professional golfers Rory McIlroy and Rickie Fowler as well as many other top athletes regularly use this gear to soothe and support their bodies. Additionally, in 2012, one of the Colantotte bracelets was featured prominently as a key story item in the Hollywood movie “The Avengers” as part of a tie-up campaign, demonstrating the recognition of the brand’s quality and design not only in Japan, but by many people all over the world.

#### ■ Colan Totte Co., Ltd.

“Begin each day with a smile.”

We can help you show the smile that comes from good health. Since its establishment in 1997, medical

device manufacturer Colan Totte Co., Ltd. has been developing products that improve people's physical and mental health. There are countless health-conscious products available throughout the world. We are committed to developing authentic, evidence-based products, with a focus on our Colantotte line of magnetic health gear, each product of which has been certified as a medical device.

Colantotte's unique alternating North-South polarity arrangement allows magnetic force to have a wide-ranging effect, resulting in high efficacy. This proprietary method is being utilized not only in Japan but also in Germany, France, and the United Kingdom. In addition, in 2011, Colantotte products obtained the CE mark, a European safety standard certification, and are sold as Class I medical devices with CE marking in the European (EU) region.

Our products are not only effective as medical devices, but also place an emphasis on design. By focusing on visually appealing features, we have challenged the conventional wisdom of making such gear as inconspicuous as possible and pioneered the concept of attractive medical equipment. Our gear is endorsed by many top athletes for both its functionality and design. In addition, we have acquired patents in Japan and overseas to expand our business around the world. With medical devices that people can enjoy using without difficulty, Colantotte brings smiles to people all over the world.

On July 8, 2021, Colan Totte CO., Ltd. was listed in the Mothers market of the Tokyo Stock Exchange. We will take this listing as an opportunity to heighten our awareness of our responsibilities as a publicly traded company, and we will continue to make efforts to expand our business, gain the trust of our customers, and become a company that can make broad contributions to society.
